January 8, 2020

Fellow Republicans,

I'm excited to invite you to join us in Pahrump for the 2020 NRCC Winter Meeting on February 22, 2020 at the Pahrump Nugget Hotel & Casino. This meeting is going to be amazing and together, we are going to make history - we will be the First in the West to officially endorse President Donald J. Trump as the Republican nominee!

This year is critical for Republicans across the country and Nevada is no exception. The Democrats are attempting to turn Nevada into a suburb of California, so we have to stand together to fight against their extreme agendas. Every day they attempt something new in an effort to take away our freedoms and strip us of our Constitutional rights. Will you allow it, or will you join us and fight back?

The Nevada Republican Party is committed to continuing to educate and train like-minded individuals to help get our message out. We must help empower the "silent majority" of the last cycle and bring them out into the light. Together, we will take back our legislature, turn Nevada red and deliver Nevada for President Trump in the fall!

In 2020, we must come together as a party, as conservatives and as Republicans and in a single voice proclaim that we have had enough! We must stand together, shoulder to shoulder and reject everything that the swamp is spitting at us. We do not have time for factions or selfish agendas, we are one party and we must have a single message. Our message in Nevada must be "Choose the Right."

Attached is all the information that you need for the meeting, including times and locations, lodging info, etc. If you have any other questions, please contact us at info@nevadagop.org.

Sincerely,

Michael J. McDonald

Chairman, Nevada Republican Party
