

ELECTION FRAUD FACTS

WHAT REALLY HAPPENED IN NEVADA ELECTIONS

The Secretary of State is not proactively investigating fraud because they only have half of a person assigned to investigate.

The Secretary of State has been presented with evidence of wide-spread fraud.

No evidence was examined during any hearing that questioned the integrity of the election in Nevada.

The SOS office said so here:

Barbara Cegavske was personally served affidavits from voters who were disenfranchised. All 130,709 incidents presented in our court challenge are accessible by the SOS & AG's office if they choose to investigate.

President Trump's legal team was only allowed to submit 15 witness affidavits out of thousands of whistleblowers and victims of voter fraud. Zero were heard in court.

The NV Supreme Court claimed to have reviewed 8,000 pages of evidence in two hours and wrote their rejection before our brief was submitted. Read the brief NV Courts skipped HERE

ELECTION FRAUD FACTS

WHAT REALLY HAPPENED IN NEVADA ELECTIONS

Dominion voting machines used in the 2020 election switched votes.

We had multiple brave election workers come forward as whistleblowers to expose that vote counts on machines changed overnight...which means someone was manipulating votes.

Clark County discriminated against Republican poll watchers, in violation of Nevada law.

Read the affidavits from our poll watchers [HERE](#), as to how Clark County lied, counted votes in violation of state transparency and clean election laws.

Non-citizens were able to register and vote in Nevada.

- Trump Legal Team obtained, under subpoena, DMV records of non-citizens who obtained IDs
- 6,136 had registered to vote (a felony)
- 3,987 cast ballots that had been counted this election. Read more [HERE](#).
