

Nevada Republican Convention Resolution G-2022-01
Resolution Demanding Parental Civil Rights Amendment to Nevada
Constitution

Whereas, Numerous governmental entities are increasing their advocacy to insert themselves into the sacred relationship between parents, guardians and their children, inflicting catastrophic damage on the children and our rich American culture; now, therefore, be it

Resolved, Nevada Republican Convention declares that natural parents or legal guardians shall exercise all decisions pertaining to their minor children to include, but not limited to: healthcare, behavioral, educational, and religious issues; and

Resolved, Nevada Legislators shall work to codify such relationship as fundamental, non-negotiable civil rights; and

Resolved, The Nevada Republican Convention requests the Secretary ensure a copy of this resolution is delivered to each Republican legislator and constitutional officer and distributed to proper media outlets per the Chairman of the Nevada Republican Party.

Nevada Republican Convention Resolution G-2022-02 Declaration of Republican Party Platform Supremacy

Whereas, The Nevada Republican Party is the sovereign authority for the Republican Party in Nevada, in accordance with Nevada Law, and that the Nevada Republican Party Platform is created by The People through a comprehensive and deliberative process at a convention, thereby being the most inclusive and authoritative declaration of The People in defining their beliefs; and

Whereas, Candidates filing to run for partisan office must complete Nevada Secretary of State Form EL101, “Declaration of Candidacy-Major Political Party - Partisan Office” and swear under oath in the presence of a qualified notary, and such oath reads in part, “that I am registered as a member of the [Republican] Party; ... that I generally believe in and intend to support the concepts found in the principles and policies of that political party in the coming election; that if nominated as a candidate of the Party at the ensuing election, I will accept that nomination and not withdraw; that I will not knowingly violate any election law or any law defining and prohibiting corrupt and fraudulent practices in campaigns and elections in this State”; and

Whereas, The record is clear that faithfully adhering to Republican principles defined by The Platform is a recipe for electoral success, and American prosperity, while diluting our values to present a fraudulent image of a “safe” party devoid of sincere conviction has proven an impediment to electoral victories; and

Whereas, A dangerous precedent of elected Republicans abdicating responsibility by favoring consultants that lack the moral authority to guide the Republican Party has taken hold and must be broken to end the destructive method and undue influence which has damaged the Republican Party, The State of Nevada, and the United States of America; now, therefore, be it

Resolved, That We The People of the 2022 Nevada Republican Convention declare that choosing to run for election as a Republican shall be clearly understood as creating an obligation to maintain fidelity to the principles prescribed by the Republican Party in our Platform, and that to do otherwise shall be deemed a violation of the implicit moral covenant created between elected officials and The People; and

Resolved, That elected Republican Party officials are servants of The People, expected to defend our distinctive American way of life from endless attacks; and

Resolved, The Nevada Republican Convention requests the Secretary ensure a copy of this resolution is delivered to each Republican legislator and constitutional officer and distributed to proper media outlets per the Chairman of the Nevada Republican Party.

Nevada Republican Convention Resolution G-2022-03
Resolution Demanding a Medical Bill of Rights

Whereas, Our society recognizes a well-established right to refuse medical care and current medical industry practices further recognize a right to be fully informed about any offered treatment, absent coercion, harassment, or unconstitutional executive orders, or declarations in the gathering of such information or decisions regarding their bodies; and

Whereas, During the COVID pandemic, some family members were cruelly locked out from visiting critically ill or dying loved ones, as well as enduring their loved ones being denied lifesaving treatments, which caused unnecessary injuries or deaths, leaving family and friends to deal with extreme, lasting emotional damage for all involved, to include healthcare staff, enabled by an ambivalent Legislature and a tyrannical Governor determined to abuse unconstitutional emergency powers; and

Whereas, The government shouldn't be in the business of forcing Americans to choose between unconstitutional medical procedures or employment to feed their families, sending their children to school, or patronizing a business.

Whereas, Liberty manifests firstly in the rights of the individual as their own agent, an essential decision of such being is a personal and final decision as to what enters into, or any actions that are taken upon, their body; now, therefore, be it

Resolved, The Nevada Republican Convention demands Nevada Legislature propose an amendment to the Nevada Constitution under their authority in Article 16, Section 1, Paragraph 1, codifying a medical bill of rights which shall include, but not be limited to:

- The right to be visited by your closest family and friends while undergoing treatment and/or evaluation as inpatient or outpatient to the maximum extent possible even if such requires exceptional measures to maximize opportunities for mental and physical patient healing and the mental wellbeing of all involved.

- The right to be free from any discrimination for any exercising of these civil rights.
- The right to have guardians, family members, or others speak for you if you cannot.
- The right to read and copy your medical records and have your records made available only to person(s), offices you designate.
- The right to talk privately with health care providers.
- The right to remove yourself from care of a facility to partake of alternative care or no care, without being required to justify such to, or get approval from any hospital or governmental officials or courts.
- The right to ask and be informed of any business relationships, to include any financial incentives, between the hospital and educational institutions, pharmaceutical companies, governmental entities, other healthcare providers, or payers that may influence your care and treatment; and

Resolved, The Nevada Republican Convention requests Nevada Legislature pass a law enacting the same medical rights as a matter of law listed in the resolved clause immediately above, to be made effective as soon as possible, awaiting ratification of a constitutional right codifying a medical bill of rights to include rights listed in the resolved clause immediately above; and

Resolved, The Nevada Republican Convention requests the Secretary ensure a copy of this resolution is delivered to each Nevada legislator and constitutional officer and distributed to proper media outlets as directed by the Chairman of The Nevada Republican Convention.

Nevada Republican Convention Resolution G-2022-04 Ensuring Election Integrity

Whereas, President Abraham Lincoln once said, “The ballot is stronger than the bullet,” the people’s trust in the integrity of elections is a fundamental civil right ensuring the peaceful existence of our American Republic in perpetuity; we declare in the strongest possible language that we have a moral obligation to preserve Liberty for future generations and that fundamental Liberty begins at the ballot box; and

Whereas, Mail-in ballots, ballot harvesting, lack of voter identification, negligent maintenance of voter rolls, blocking voter observers, unreliable machine and signature verification, and failure to verify citizenship, and the failure to properly investigate these issues have caused justified mistrust in elections by Nevadans; and

Whereas, Election authorities in Nevada failed to perform comprehensive investigations of election integrity complaints and credible, independent agencies and media proved that machines, software and processes currently in use, are inadequate in preventing fraudulent votes, now therefore let it be

Resolved, The Nevada Republican Convention declares the integrity of elections is a fundamental civil right that must be secured with audit trails preserved; and

Resolved, The Nevada Republican Convention demands that Nevada legislators take every possible action to ensure tabulation of votes shall not occur prior to election day.

Resolved, The Nevada Republican Convention demands that Nevada legislators take every possible action to rescind the profligate use of universal mail-in ballots, ballot harvesting, all automatic voter registration, and remove automated signature verification machines from use, and legislate that envelopes of all mailed ballots must be retained with the ballot to facilitate audits; and

Resolved, The Nevada Republican Convention demands that Nevada legislators take every possible action to legislate voting by fraud-resistant, paper ballots as the primary voting method, and mandate all state voter registration lists be regularly cleaned using all appropriate methods and databases; and

Resolved, The Nevada Republican Convention demands that Nevada legislators take every possible action to ensure voter identification is required to vote in Nevada via legislation and amending the Nevada Constitution; and

Resolved, The Nevada Republican Convention demands that Nevada legislators take every possible action to establish an independent election integrity agency outside the Secretary of State's office, to perform ongoing critical activities to detect and deter election fraud as well as inspecting critical activities during elections, and enforcement of existing elections laws; they shall be an independent agency reporting to the Legislature, but with full police powers to investigate and/or inspect any and all functions, materials, and personnel participating in election processes and require a quarterly public report filed on cases referred for prosecution; and

Nevada Republican Convention Resolution G-2022-05
Supporting Constitutional Principles of Equal Education in Nevada Schools

Whereas, America was founded on true and eternal principles as stated in the Declaration of Independence and protected by the United States Constitution: “...that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the Pursuit of Happiness,” as demonstrated by the hundreds of thousands of people who died to protect these principles; and

Whereas, “Critical Race Theory” (CRT), which invokes diversity, equity, inclusion, social emotional learning, and disproportionately affected persons, while silencing opposing views, disparaging important American ideals, disavowing our founding principles and ignoring elements of our national progress, such as the abolition of slavery and enactment of civil rights laws that were made to preserve liberty for all Americans, and instead CRT establishes the false premise that America has been, and always will be, a systemically racist nation; and

Whereas, Nevada schools are enacting policies without parental involvement and consent and allowing classroom instruction and materials, staff training, and professional development that is unequal, illegal, unsafe, and unfair as it incorporates progressive ideology steeped in racism, discrimination, and progressive values; and

Whereas, Discrimination based on race, sex, disability, and ethnicity; gender; gender identity/expression; sexual orientation; ability/disability status; religion and spirituality; age; education; socio-economic status; language/communication modality; individual experiential backgrounds; lifestyle (interests, hobbies, activities, affiliations); family dynamics; and any other protected class in conformance with federal, state, and local laws has no place in American society; and

Whereas, Nevadans have a right to instruct their legislators and school board representatives under Article I (Declaration of Rights), Section 10 (Right to assemble and to petition) of the Nevada Constitution, regarding policies ensuring an equal, legal, safe, and fair education for all students; and

Whereas, The Nevada Legislature, school boards, school employees and staff all have an obligation to students, parents, and the community which rely on it to

ensure students are educated absent indoctrination in any political beliefs; now, therefore, be it

Whereas, CRT is diametrically opposed to American values and republican principles and fails to acknowledge Martin Luther King Jr's words to judge, "Not by the color of their skin, but by the content of their character;"

Resolved, That the Nevada Republican Convention demands the Nevada Legislature adopt legislation affirming equal educational opportunities for all students absent instruction which promotes progressive ideologies, racism, discrimination, or progressive values; and

Resolved, The Nevada Republican Convention requests the Secretary ensure a copy of this resolution is delivered to every elected Republican and candidates in Nevada and distributed to proper media outlets as directed by the Chairman of The Nevada Republican Convention.
